

Experience.

Albert Einstein Healthcare Network has earned its reputation for quality, excellence, leadership and innovation through over 140 years of service. There's Einstein **quality**, ranked #1 for "Appropriate Care" (including Pneumonia and Surgical Care) as measured and reported by the PA Healthcare Quality Alliance. There's Einstein **excellence**, whose stroke program has received both a Certificate of Distinction as a Primary Stroke Center and CARF* accreditation as a Stroke Specialty Program. Einstein clinical **leadership** has earned the Medication and Patient Safety Award from the Delaware Valley Healthcare Council five times. And as for **innovation**, MossRehab is the only facility in the U.S. chosen for clinical trials of ReWalk™, a device that can help people with spinal cord injuries walk again.
